K. Matthan, Esq., B. A.,
Offg: Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

I have the honour to state that the Government sanctioned (vide Government Order No. Geol. 383-4 dated 13th August 1909) a free allowance of 30,000 gallons of water per mensem for the quarters and office of the Inspector of Mines, Oorgaum, with the proviso that the Inspectors should be called upon to pay for any excess quantity consumed above it. Besides, in accordance with the orders contained in Government Order No. 156-8/1004-6 dated 25th January 1917, the Government residential buildings, located in Robertsonpet for the clerical staff of this office, are being given a free allowance of 4,560 gallons of water per mensem, calculated at 120 gallons per rupee of rental value, the tenants paying only for the excess consumption.

2 In the recent orders issued, it has been laid down in para 2 of G. O. No. P. W./M. 1151-94/6416-79 dated 24th January 1921 that, with effect from 1st January 1921, the free allowance of water in all cases should be stopped altogether and that either the tennants or the Department concerned should be made to pay for all water consumed at 15 annas per 1,000 gallons. It is also suggested that, if the Government Officers require relief, the Department concerned should bear the charges.

The

8 The fact that this Department has been given a free allowance of water under certain conditions, which are being strictly adhered to, is sufficient proof to show that this relief is absolutely necessary.

9 The Superintendent, Betmangala Water Works, has already presented the bill for payment for the full quantity of water consumed in January 1921, without any deductions, and there is every chance of the water service being cut off if the bill is not paid shortly.

10 I therefore request the early sanction of Government to pay this and other bills, as they are received, out of the savings of the budget of this department to the extent of the free allowance of water hitherto granted, which works out at Rs. 32 : 13 : 0 per mensem or Rs. 393 : 12 : 0 per annum. I propose to meet this amount out of the savings under "7 Supervision of Mines, II Inspection of Mines & Explosives, salaries" in the current year's budget.

11 The cost of the excess water consumed over the free allowances, noted above, will be paid for as usual at the scheduled rate by the occupants of the government residential buildings provided for this Department.

12 I may add that both the Chief Inspector and Inspector of Mines have to pay house rent for the Government buildings occupied by them.

I have the honour to be,

Sir,

Your most obedient servant,

R. Bourquet.

DEPARTMENT OF MINES & EXPLOSIVES.

Office of the Chief Inspector of Mines in Mysore,

Oorgaum, dated 18th May 1921.

Gol 84-2--.

Dear Mr. Matthan,

BETMANGALA WATER SUPPLY.

Before the orders of Government are passed on the above question, I should like to place a few facts before you for consideration.

As far as I am aware, the Chief Inspector and Inspector of Mines are the only Gazetted Officers living on the Kolar - Gold Field occupying Government buildings (residential quarters) who have to pay house rent and this they do every month at the rate of 5% on their salary. I personally have done this since the year 1909 (1st July).

In the compound in which I live, there are - besides my quarters - our office, museum, servants'go-downs, peons' quarters and go-downs for sweepers. The number of persons who use the water supply totals 53. We likewise have a large garden to keep up, which - without gardeners and water - would become a wilderness and, as the compound adjoins one of the most frequented roads in the Gold Field area, it would reflect no credit either on us or the Government we serve if the place were not properly looked after.

The reasons for sanctioning a free allowance of 30,000 gallons per mensem for the Inspectors of Mines' quarters and office are fully explained in the order thereon (G.O.No.383-4 dated Bangalore 13th August 1909). If these reasons held good then, why should they not do so now? As a matter of fact there are still stronger motives for the free allowance to be maintained,

as

as the number of persons living in the compound has materially increased since 1909.

Another point is that whereas the Mining Companies have for several years past been charged at the rate of As.8/- per 1,000 gallons - to be increased shortly I understand to As.9/- or 9½ - why should we be asked to pay As.15/- per 1,000 gallons? I think in all fairness that the same rate should apply to and be paid by all parties.

In conclusion, I trust that when the Government Order does come through, no change will have been made - as far as this Department is concerned - in the former order already referred to, except to reduce the rate per 1,000 gallons to what the Mining Companies are paying for any excess water consumed - over the free allowance sanctioned.

Yours sincerely,

R. Bacquet.

N.B.- Up-to-date, I have paid the sum of Rs 6,621-10-2 in bungalow rent, which amounts to 34% of the capital value of the building I occupy.

To

K. Matthan, Esq., B.A.,
Offg. Chief Secretary to the
Government of His Highness
the Maharaja of Mysore,
BANGALORE.

A.N/13-6.

Letter No.156-S/1004-6 dated 25th January 1917 from the Secretary to Government, Public Works Department, to the ---- Superintending Engineer, Southern Circle.

=======

With reference to correspondence ending with your No.4014/G. dated the 24th April 1916, regarding the question of ~~free~~ water free allowance to Government Residential buildings on the Kolar Gold Fields having water connections, I am directed to state that for the marginally noted items in the statement therewith received, for

Items 1 to 20, 24 to 30 and 38 to 50 or 40 items in all.) which water connections have already been given, full allowances may be granted for the present at the rates shown therein, i.e., at 120 gallons per rupee of rental value and all water consumed in excess may be charged at 15 annas per 1000 gallons. All arrears outstanding upto date should now be recovered and adjusted in the accounts.

2. The full allowance of 30,000 gallons already fixed for the buildings of the Geological Department (Items 21 to 23) and the special rate of 10 annas per 1,000 gallons sanctioned for the buildings of the Electrical Department (Items 31 to 37) without any free allowance, may continue for the present.

3. For all future house service connections, no free allowance should be granted, but the full quantity charged for at 15 annas per 1,000 gallons.

To

K. Matthan, Esqr., B.A.,
Offg. Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
B A N G A L O R E.

SIR,

I have the honour to submit for the information of Government, copies of the marginally noted letters received from the Executive -

1. Letter No.915 dated 23/26th July 1921 from the Executive Engineer, Water Supply Division	Engineer, Water Supply Division and Superintending Engineer, Sanitary Circle, Bangalore, regarding the early payment of the water charges due from this Department, and
2. Letter No.397/W-1 dated 30th July 1921 and its enclosure from the Superintending Engineer, Sanitary Circle, Bangalore.	

to invite reference to this office letter No.979, dated 28th February 1921, and also to my D.O. letter No.1341, dated 18th May 1921, on the same subject, and to request the Government to be so good as to pass early orders in the matter.

In addition to the points already urged for the retention of the free allowance of water hitherto granted, based on the rental value of buildings, it may not be out of place to mention here that free residential quarters have been provided to most of the Gazetted Officers living on the Kolar Gold Field and it is only in the case of the Chief Inspector of Mines and Inspector of Mines/that house rent is being levied, although these officers - in virtue of the duties devolving upon them - (as in the case of medical and other officers) have/to remain on the Kolar Gold Field

Field in close proximity to the mines.

I have the honour to be,

Sir,

Your most obedient servant,

L. Bocquet.

CHIEF INSPECTOR OF MINES

No.P.W./M.49-107/327-85 dated Bangalore 14th July 1921.

Official Memorandum.

In G.O. No.P.W.1131-94/M 6416-79 dated 24th January 1921, it has been ordered that the free allowance of water supply hitherto given to all Government Residential Buildings on the Kolar Gold Fields should be stopped from the 1st January 1921. The bills for water consumption sent in accordance with this order have not been accepted by some of the officers concerned, on the plea that the matter is under correspondence with the respective Heads of Departments or Government, and the Water Supply Division of the Public Works Department has raised this question as to whether water connection may not be cut off in these cases according to rules. Heads of Departments are, therefore, requested to issue instructions to their subordinate officers that all the bills received from the Water Supply Division should be adjsuted at once, pending settlement of any question that may have been raised by them. If any concession is shown as a result of such references, a refund can be claimed afterwards.

DEPARTMENT OF MINES AND EXPLOSIVES.

OFFICE OF THE CHIEF INSPECTOR OF MINES IN MYSORE.

No. 519.

Dated Oorgaum, 3rd October 1921.

Geol 84-20-6B 1926

FROM

R. BOCQUET, ESQUIRE, J. P.,
CHIEF INSPECTOR OF MINES IN MYSORE.

CHIEF SECY & REV. SECTT.
1 OCT 1921

TO

B. Ramaswamaiya, Esq., B. A., B. L.,
Secretary to the Government of His Highness the
Maharaja of Mysore, General Department,
B A N G A L O R E.

SIR,

With reference to your letter No. I.C.2092/Geol.84-20-64 dated 30th September 1921, regarding the payment of charges relating to this Department to the extent of the free allowance of water hitherto granted, I have the honour to point out that this expenditure can be met out of the savings under "7 Supervision of Mines, II Inspection of Mines and Explosives, salaries in the current year's budget, as proposed by me in this office letter No.979 dated 28th February 1921.

I have the honour to be,
Sir,
Your most obedient servant,

R. Bocquet.

CHIEF INSPECTOR OF MINES
IN MYSORE.

Y:A

Proceedings of the Government of His Highness

the Maharaja of Mysore.

R e a d:--

Government Order No. P.W. 1131-94/M. 6416-7 dated 24th January 1921 stopping the free allowance of water to Government residential buildings, Geological Buildings &c., Robertsonpet town and directing that, if Government officers occupying the buildings require relief, the respective departments should bear the charges to the extent of the free allowance, the tenants paying only for the excess consumption.

2. Correspondence resting with letter No. 295 dated the 4th August 1921 from the Chief Inspector of Mines requesting sanction to pay the bill for January 1921 and susequent bills relating to his department to the extent of the free allowance of water hitherto granted, the cost thereof working out to Rs. 32-7-0 per month or 393-12-0 per annum, the cost of the excess quantity of water consumed being paid for at the scheduled rates by the occupants.
